The Sand was tough ,The bike is great Light agile handles and corners like no bike I've ever ridden , couldn't be happier, I look forward to Louisiana . Its great to be part of a Professional Team , A Great Team effort ! Thanks to Joe and Teresa Grimes of Merecom and all our team sponsors..

Ronnie: 1st Open B , 5th overall B, current Championship Standing 2nd

My EN 300 was really rolling through the sand today.. My Maxxis Radial Tires were awesome they hook up better than any tire I have ever Raced on before and the wear was excellent..I felt great all day and am ecstatic to perform better each time I compete. I won today by 10 minutes and finished 5th overall B .. Things are heating up in the championship now ! I would also like to thank all of our Team Sponsors Without you none of this could happen . Thanks Joe and Teresa for believing in me !

Joe Grimes Team Owner :

The boys are showing how great these bikes are ! They both have shown they will be a force to be reckoned with in their respective championships. Now after only Three Championship events Team Merecom/ TM is showing a strong presence at the top of the Podium . My Team Manager Ron Commo Jr has shown us how a team effort will breed winners. I am Thankful for our team sponsors help and look forward to promoting them through more great results.. Thanks ..Looking forward to Louisiana !!
